About a career with IIX:

You will join a highly effective team that provides you with an un-paralleled hands-on exposure to the Impact Investing and Social Finance space. You will thrive in applying finance skills to tackle development issues and excel in creating solutions using structured strategies and innovative programs that address and solve the world's most pressing problems, from food security to inclusive finance to clean energy. You will become a global development leader who has a passion for international development and to get involved in work that makes a difference.

When you join IIX, you embark on a rewarding career where we are heavily invested in your professional development, as we will build on your strengths and help you gain new skills with training, coaching, encouragement and guiding you in the right direction. It is a value addition to advance your career, providing you invaluable exposure to the rapidly growing impact investing space.

You WANT to instigate change.

Thus, as a successful team member, you should be:

- **Mission driven:** Commitment to social finance and impact investing as a path to unlock society's potential to effect social change is essential for a happy and successful tenure at IIX.
- **Results oriented:** At IIX, we manage toward impact maximization and produce measurable returns – both social and financial. These results strengthen the ecosystem and transform existing realities by helping impact enterprises magnify their impact and scale.
- **Resourceful:** While IIX is a seasoned stakeholder in the impact enterprise and impact investing space in Asia, we pride ourselves on creating new opportunities. Being resourceful and skilled at mobilizing human, financial and political resources to achieve IIX's mission is a key part of the role.

Some of our clients include private foundations such as the Rockefeller Foundation and Bank of America-Merrill Lynch Foundation, corporations such as Standard Chartered Bank and KKR, international non-profits such as Oxfam and World Vision, multilateral institutions such as the Asian Development Bank, UN Agencies such as UNDP, and government agencies such as USAID and Sida.

About the role:

IIX seeks a Designer to propose a design concept for a comprehensive digital impact assessment platform that facilitates and rewards impact measurement while giving beneficiaries a voice to provide input to the issues that affect them the most. The Designer's role is to create a visual design for our new mobile-driven website/platform that will help small businesses grow and benefit vulnerable communities. The Designer is expected to work alongside IIX and our selected Tech Developer in building the front end of the IIX Values website based on IIX's current visual identity (www.iixglobal.com).

The Consultant will work with the Digital Impact Assessment Team on the following:

- Execute visual design stages from concept to final hand-off
- Conceptualize original website design ideas that bring simplicity and user friendliness to complex roadblocks
- Adjustment to designs based on feedback from backend developer

The project is expected to commence in March 2019.

Requirements:

- Proven work experience or impressive portfolio; at least three years of work experience
- Proficiency in Photoshop, Illustrator or other visual design and wire-framing tools
- Proficiency in HTML, CSS and JavaScript for rapid prototyping
- Proficiency in CMS platforms
- Excellent visual design skills with sensitivity to user-system interaction
- Excellent communication skills

Additional skills a plus but not required:

- Collaborate with IIX team and Backend Developers to translate designs to production code.
- Create designs that are consistent across all browsers and platforms.
- Identify and troubleshoot issues.
- Design with eye on security, quality and scalability.

All applications should be submitted to ahuret@iixglobal.com by 28 February 2019. Applications should include a detailed resume and a portfolio showcasing at least 3 sample design work on a mobile-driven website/platform.
